

# Forms of Parabolas

How to find the y-intercepts	How to find the x-intercepts	How to find the vertex	Equation	Vertex Form	Factored Form	Standard Form
	X					

a is positive	a is negative	$ a  > 1$	$ a  < 1$

Cut along the dotted lines.

Fill in the table. We'll work together on this.

Glue the big piece (upright) into your composition book.

Glue the smaller piece below it. (You might need to trip the ends a bit).

Thank you for discarding your scraps.
