

August 16/17, 2021

TLO: BM 1.2 Define appropriate quantities for the purpose of descriptive modeling

AM: 6.1 evaluate, simplify and understand vocabulary of algebraic expressions, use mathematical models

Use wipe if desired.

Pick up bell ringer and appropriate note taking guide.

No cell phones/smart watches visible to me during instruction.

August 18/19, 2021

TLO: BM 3.1 Find divisibility, prime factorization, GCD, LCM, solve problems with LCM and and GCD

AM: 6.2 Solve linear equations with fractions, Solve problems with proportions, identify equations with no and infinitely many solutions

Use wipe if desired.

Get out homework with questions and pick up appropriate note taking guide.

No cell phones/smart watches visible to me during instruction.
